

1859 Patent Haskell Musky Minnow

Lang's is proud to present:
**The JOHN MOORES
 Angling Collection**

The largest and most comprehensive collection of fine Derrydale Books and related ephemera to ever come to auction, featuring the Don Frazier Derrydale Press Book Collection. This unprecedented collection also includes the earliest known maker identified fishing tackle: Ustonson, Tout, Pirn, Norris, Fritz Vom Hofe, Clarke-Higginbotham, etc. Also, famous owner items from FDR, Herbert Hoover, Grover Cleveland, Joe DiMaggio, Ted Williams, Bing Crosby, Norman MacLean, Sparse Grey Hackle, Hewitt, Bergman, Wulff, etc.

John Moores is the owner of the San Diego Padres, a prolific philanthropist, the chairman of the board of trustees of The Carter Center, and an avid fly fisherman. His close friendship with President Carter began as a result of their mutual interest in global health issues, but has been enriched by fly fishing in some of the most remote places in the world.

Proceeds from the sale of this important and historic collection are to benefit the Carter Center to wage peace, fight disease and build hope.

"Fly fishing and the work of The Carter Center are two of my greatest passions. I hope you will bid generously and become a partner with John, me, and countless others who seek to help the most forgotten people on earth."

Sincerely, Jimmy Carter
