

Happy Birthday to Jimmy Carter:

Your Excellency, former U.S. President, we would like to join the rest of the world to say....

Happy birth day to you!!

From Tanzania, we will be celebrating to mark your birth day from the summit of Mount Kilimanjaro. We recognize and appreciate very much what you personally together with your wife Rosalynn Carter are doing to the rest of the world through The Carter Center.

Climbing Mount Kilimanjaro, which you did three decades ago, is one way to show our moral support to what you are doing to the rest of the world.

The prevailing peace and tranquility in Tanzania and among Tanzanians have been as a result of The Carter Center working on our neighbouring war-torn countries of DRC-Congo, Rwanda, and Burundi. The violence and unrest from Kenya's last general election were also stopped by great contribution from The Carter Center.

With these few words from Tanzania, we wish you a peaceful and enjoyable birth day. Meanwhile, you are kindly invited for a Mount Kilimanjaro climb next year, October 2010!

Sincerely,

Kapanya K.A. Kitaba
