

## CARTER CENTER EXPERT PARTICIPATION IN COR-NTD ANNUAL MEETING 2020

**Nov. 12-14, 2020**

The Carter Center has been an active member organization for the Coalition for Operational Research for Neglected Tropical Diseases (COR-NTD) since its launch in 2014. COR-NTD meets each year in conjunction with the annual ASTMH conference, with participation from the World Health Organization, country program managers, implementers, researchers, and donors.

In 2020, Carter Center Health Program representatives gave two presentations at the COR-NTD Annual meeting.

<b>Carter Center Presenter</b>	<b>Program</b>	<b>Presentation Type</b>	<b>Title</b>
Scott Nash, Epidemiologist, Atlanta	Trachoma	Oral	Alternative Antibiotic Treatment Strategies Focus: research conducted in the Amhara region, Ethiopia
Sadie Bazur-Leidy, Senior Program Associate, Atlanta	Mental Health	Bundled Session	Scaling-up and Sustaining a Focus on Integrated Approaches to Stigma Reduction and the Provision of Mental Health Support for People Affected by NTDs
